

Due to the significant uptick in California Covid-19 outbreaks, effective May 19, 2022, we have updated our Staff and Patient in-office protocols as follows:

UPDATED COVID PROTOCOLS FOR THE ALLERGY AND ASTHMA CLINIC

ALL STAFF are fully vaccinated, including booster. All staff must wear masks at all times in the clinic.

ALL PATIENTS must be fully vaccinated **AND** wear a mask in the office.

OR, IF NOT VACCINATED, MUST:

SHOT PATIENTS: Must wear an N95 or KN95 mask in the office and must wait outdoors when not with a nurse.

PATIENTS WITH HEALTHCARE PROVIDER APPOINTMENTS: Must wear an N95 or KN 95 mask in the office **AND** provide proof of a negative Covid-19 test taken within 24 hours of your scheduled appointment. Masks must remain on, unless asked to remove them by a provider.

PATIENTS AND STAFF that have travelled outside of the United States within 2 weeks before entering the office, or have been exposed to someone with a known COVID infection, **MUST:**

- 1) Be free of any Covid-19 symptoms
- 2) Wear an N-95 or KN-95 mask in the office for at least 5 days upon your return to the office **AND** provide a negative COVID-19 test taken within 24 hours of entering the office.
