THE ALLERGY AND ASTHMA CLINIC

ANDREW C. ENGLER, M.D. ***JUNE Y. ZHANG, M.D.***
BROOKE LEON, N.P. ***ELISABETH DENKER, N.P.***

****Please plan on spending 2 hours at this first visit.***

Date: _____

Dear _____,

We are looking forward to seeing you on: _____.

I am enclosing some information about our medical practice. I am also enclosing a medical questionnaire which we ask all our new patients to fill out. It is very important that you complete these forms prior to your appointment and bring them with you when you arrive. This information will help our specialists diagnose and formulate a treatment plan for your allergies.

In order to do allergy testing, we ask all our patients to please stop taking antihistamines for 3 to 7 days prior to their scheduled appointment.

Allergy testing can be an important tool in making a definitive diagnosis as to the cause of your allergies. If antihistamines are in your body's system, the test results may give us a false reading. If you have any questions about any of your medications, please give us a call and one of our nurses will be happy to assist you.

Free parking is available in the Mills Square parking garage. Please bring in your ticket so that we can validate it for you. If you choose, metered street parking is also available.

Please plan to arrive approximately 15 minutes early for your appointment to allow time for check-in and new patient processing.

Thank you for choosing The Allergy & Asthma Clinic. We will do our very best to help you with your allergies.

Sincerely,

Patient Services Representative

Please note our Cancellation Policy, as follows:
*Notice of cancellation or re-scheduling is required no less than **2 business days** prior to any scheduled appointment to allow us to give the appointment time to another patient. Cancellations, re-scheduling or "no-shows" with less than **2 business days' notice** will be subject to a $50.00 charge.*

290 Baldwin Avenue San Mateo, CA 94401
Phone: (650)343-4597 Fax: (650)343-3402
www.theallergyclinic.com

Please make sure your child does not take any antihistamines for at least three days prior to his/her appointment. If you have any questions about your child's medications, please call the office and we will be happy to help you.

PEDIATRIC

NAME:_____**DATE**:_____

What would you like for your child to accomplish during your visit at the Allergy and Asthma Clinic?

_____
_____
_____
_____
